

## TECHNICAL DATA SHEET

### Retention Strap with Blue Webbing To Suit 19mm Tube

Product Code: RSPC0099

#### Keypoints:

- Used on 2 and 3-sided cages to help with rigidity.
- The round durable hook is designed to fit 19-25mm tube.
- A cheaper option than having a door fitted to the cage.
- Designed with large handles for operation whilst using gloves.
- Double-stitched webbing makes these straps extra strong.
- Durable nylon strap stitching known for strength.
- Can come in different colours on large orders.
- PP is a commonly used strap material that is lightweight, tough, and highly wear-resistant.
- Maintains strength in wet environments, unlike nylon which tends to lose strength as moisture increases.
- PP is also resistant to chemical corrosion.

#### Specifications:
